

Guide for Media: IHI Experts

The Institute for Healthcare Improvement (IHI) is a leading, globally recognized not-for-profit health care improvement organization that has been applying evidence-based quality improvement methods to meet current and future health care challenges for more than 30 years. IHI provides millions of people in health care with methods, tools, and resources to make care better, safer, and more equitable; convenes experts to enable knowledge sharing and peer-learning; and advises health systems and hospitals of all sizes in improving their systems and outcomes at scale. IHI's mission is to innovate and lead transformational improvement in health and health care worldwide.

IHI is proud to have a leadership team with deep expertise in a broad range of health-related topics:
